

Intermediate phase camp!

Grade- 4-7

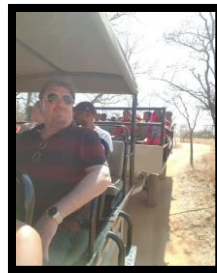

We were welcomed with open arms upon arrival; facilitators were well prepared and ready to start entertaining our learners with a fully packed program set up for the week ahead. From swimming to team building activities to game drives, they have it all.

Learners were all kept busy with activities suitable for their different grade groups.

The food was also very well prepared and more than enough for the learners, learners could go for second helpings most of the time. The facilities were very neat and tidy at all times; there is more than enough staff on duty all day to ensure clean and neat facilities.

We want to thank "Camp Discovery" for the amazing opportunity given to the learners and the hard work they did. It was indeed a lovely experience.

FUN! AMAZING! AVENTURE! INTERESTING! EXPERIENCE!

These are the words our learners use to describe the camp.

**WE HOPE TO SEE ALL GR 4-7 LEARNERS
ON THE CAMP IN 2020!!!!
NOT TO BE MISSED!!!**
